### TEACHING:

The hired « maître de conférences » will teach mathematics at both undergraduate level (« licence ») and graduate level (« master » in his/her field of expertise). He/she may also prepare students to the competitive exams for future teachers. Teaching represents an important part of the job.

Teaching contact: André Goldman, professor, director of the Mathematics department., Andre.Goldman@univ-lyon1.fr, 04 26 23 45 53

### RESEARCH:

The Camille Jordan Institute wishes to reinforce its algebra and/or geometry groups. Any candidate with a strong expertise in algebra and/or geometry will be seriously considered. The recruitment will be mainly based on the scientific level of the candidate.

Research contact: Jean-Yves Welschinger, CNRS senior researcher, chairperson of the team of algebra, geometry and logic, welschinger@math.univ-lyon1.fr, 04 26 23 45 58
